The best under the sun

The full details
can be found at markilux.com

The sun smiles down on an awning. Life smiles on you under a markilux.

Outdoor living

Hours of relaxation and recuperation or valuable time well spent with your family and friends – these are the precious moments in which you cherish your outdoor lifestyle. Designer awnings from markilux not only provide shade, they open up new opportunities for enjoying life. They provide protection on hot days and make for a cosy ambience long after the sun has set. In choosing a markilux designer awning, you are opting for the very best quality “Made in Germany” – and for endless hours of light-hearted fun outdoors.

markilux designer awnings have received a multitude of awards:

markilux design

It is the perfect combination of form and function that turns an awning into a markilux designer awning. In this respect, markilux relies on its long-standing experience in R&D and design.

A perfect outlook. Everything in view.

markilux pergola awnings

Every single member of the pergola family makes an excellent impression by virtue of its excellent level of quality and comfort. The multi-award-winning pergola awnings transform outdoor areas into uniquely favourite places and whet the appetite for the new “Al Fresco Experience”.

The additional vertical blind integrated into the front profile simply blocks out low-lying sun and the glances of inquisitive neighbours.

Coupled pergolas

For all those who want even more shade: up to five single pergola units can be joined side by side.

For all those, who have grandiose plans even if it is windy and wet.

markilux pergola classic

When it comes to solar and wet weather protection, the markilux pergola classic ranks top. The awning system on slender posts and with lateral guide tracks provides generous shading with an extension of up to 6 metres. At the same time, the markilux pergola defies wind and weather up to Beaufort 6 (wind resistance class 3). You have every opportunity to make your favourite outdoor place your very own with a markilux shadeplus as well as with a multitude of lighting options and different post shapes. No matter how strong the sun shines or the wind blows, with your markilux pergola classic you can enjoy life outdoors at any time.

Closed full cassette system

The cover disappears completely inside the round cassette, Ø 187 mm, and is ideally protected. The only thing that is more impressive than the look itself is the fact that the technology functions perfectly.

markilux tracfix

One of many markilux refinements: the lateral cover guidance system that leaves no gap between the cover and the guide track. Gives an overall better appearance and improves wind stability.

Wonderful, functional and reliable

Regardless of whatever style you prefer – in the personal combination of awning cover and technology you are bound to find precisely the markilux pergola cubic that fulfils your requirements perfectly.

Essentially square. Practically superb.

markilux pergola cubic

The design of the new markilux pergola cubic was developed entirely in the spirit of the Dessau Bauhaus philosophy. Functional, clear and timeless contouring on the basis of cubist simplification. In addition to the proven solar protection benefits offered by the pergola, this model integrates itself harmoniously and impressively into today's modern architecture and does not just make a big impression with its high-quality workmanship.

The pinnacle of quality and convenience

Reduced design language

The angular cassette, 200 × 160 mm, offers room for large-scale solar protection up to 600 × 450 cm or 500 × 600 cm, and as coupled unit a whole lot more.

markilux shadeplus

More shade and protection – even when the sun is low in the sky. Optionally solar driven using the markilux sundrive.

markilux shadeplus

Blocks out glare from the sun and prying eyes in an instant.

An “all-round” achievement

The square, compact cassette, 125 x 125 mm, protects the awning cover all round.

mx_pergola compact

Dependable. Anywhere. For anyone.

markilux pergola compact

The pergola compact unites the graceful shape of the classic pergola with the latest in product design and the most advanced technology. The compact, space-saving awning system on slender support posts and with lateral guide tracks, which always keep the cover taut, is ideal for smaller patios. The markilux pergola compact invites you to lounge and take it easy. Attractive and functional solar protection. Anywhere. For anyone.

Always in the best light

Highlighted with LED Spots attached to the cassette or LED Line in the cassette, on the guide tracks and / or in the light bar guarantee endless hours of pleasure outdoors – even long after the sun has set.

markilux shadeplus

The vertical protection against sun and prying eyes – up to 230 cm in height – creates a private room outdoors with its own special ambience.

markilux sundrive

An integrated solar module can drive the shadeplus motor in the markilux pergola classic / cubic. When the awning is extended, the front profile and the guide tracks finish perfectly flush with one another.

markilux infrared heater

Feel the warmth in an instant and enjoy the evening outside for even longer. The infrared halogen lamp stands for direct warmth without a heating-up phase and a pleasant colour temperature. Either as a stand-alone unit (1400 Watt) or installed under your awning (2500 Watt, the latter optionally dimmable in three stages). Always in a top-quality aluminium housing and powder coated in the markilux awning colour.

Coupled awnings

Depending on the model, up to three awnings can be joined together offering even more shade.

Telescopic post

For better water drainage, the front post of the markilux pergola can be lowered in a flash between 20 and 40 cm depending on the size. On request operated by motor.

LED Line

Light for reading or informal get-togethers, either in the guide tracks and/or in the lighting bar, turns your night into day. Also available in the cassette with the pergola cubic/compact.

Square posts

As an alternative to round posts, square ones fulfil the desire for clean straight lines.

Ballast boxes

Give your markilux pergola reliable stability when fitting the front posts to foundations is not possible or desired.

Stainless steel crank

Bring the adjustable posts to the desired height in no time at all. Optionally operated by motor.

LED Spots attached to the light bar

The spotlights provide perfect contrast lighting in the evening hours. And they can be pivoted and dimmed, of course! Also available under the cassette in the pergola cubic/compact.

Slender appearance

Design reduced to the essence.
The cover safely tucked away.

Well thought through

Water drainage from the cover via the
integral gutter and support posts is assured
from a very low pitch of only 5°.

Attractive protection majestically full of fresh air

A waterproof awning cover leaves you perfectly prepared for a comfortable and relaxed
season – al fresco. Allow your markilux specialist dealer to give you professional advice.

Many. Fold. Superbly in shape.

markilux pergola stretch

The markilux pergola stretch offers an impressive take on sun and wet weather protection. The cover is perfectly integrated into the minimalistic, high value awning system. The rhythmical, space-saving cover folding technology makes it possible to shade large areas and creates a special and impressive atmosphere. The abundance of optional extras means that the markilux pergola stretch invariably shows itself from its most attractive side.

Awning Cover Fabrics, Awning Colours,
Operation and Technical Specification

Self-cleaning effect

Water droplets pick up dirt particles and run off the awning cover taking the dirt with them (the awning must be set at a pitch of at least 14 degrees), ensuring you can enjoy your beautiful fabric for a long time to come.

Bonded awning covers

Panel joints bonded together ultrasonically ensure a consistent, unobtrusive appearance. Their excellent resistance to water, light and fluctuations in temperature ensures that the service life of the cover is extended substantially.

Light and weather resistance and resistance to fading

High-tech yarns dyed right to the core and the high-grade snc finish developed in house guarantee the most stunning shade in which to relax.

Detailed information about the typical properties of awning fabrics is available from your markilux specialist dealer and in the current markilux awning fabric brochure.
